PATENT

REMARKS

Applicants would like to thank the Examiner for the courtesy of the Interview with Mir Imran, Lynn Thompson and Applicants' Attorney, Susan Schmitt on June 19, 2006. During the interview it was resolved that Examiner's Action dated June 12, 2006 and Applicants' amendments dated June 12, 2006 and June 15, 2006 crossed in the mail. In view of this and in view of Applicants' desire to expedite prosecution of the claims Applicants are re-presenting the claims indicated as allowable by Examiner in Examiner's Action dated June 12, 2006. Accordingly all of the previous claims are cancelled without prejudice thereto and without waiving the Applicants' ability to re-present the cancelled claims for examination in another application. New claims 350-364 are presented. The new claims represent allowable claims 297-299 rewritten in independent form (now claims 350-352); claims 300-309 (now claims 353-362) with grammatical correction that was agreed by Examiner to overcome the 35 U.S.C. 112 rejection of claim 300; and former allowed claims 310 and 311 (now claims 363 and 364).

Applicants believe that claims 350-364 are now in condition for allowance.
An early and favorable action is respectfully requested.
